

ZIAUDDIN UNIVERSITY

SDG 16: PEACE JUSTICE AND STRONG INSTITUTIONS

Ziauddin University (ZU) stands as a strong advocate for peace and justice, with a dedicated focus on nurturing strong institutions. In alignment with the United Nations Sustainable Development Goal 16, ZU has taken significant strides in contributing to the development of a just and equitable society.

Faculty of Law, Politics, and Governance:

At the heart of ZU's commitment to SDG 16 is the establishment of the Faculty of Law, Politics, and Governance. This academic hub is dedicated to preparing graduates in law and civil enforcement, imparting not only knowledge but also instilling values of justice and integrity in its students.

Promoting Peace Beyond Graduation:

Ziauddin University goes beyond the traditional role of academic institutions. It actively engages in creating awareness and facilitating the public with pro bono legal advice, thereby contributing to the promotion of peace and justice in society.

Legal Clinic:

In pursuit of its mission to help the public and evolve the legal climate of Pakistan, the Ziauddin Faculty of Law has instituted a Legal Clinic. This initiative underscores the commitment to accessible legal assistance. The Legal Clinic operates every Monday from 9 AM to 1 PM, providing pro bono legal advice on civil cases. This open-door policy ensures that anyone seeking guidance can easily reach out to the clinic and receive expert advice, guiding them towards the most beneficial legal path.

ZIAUDDIN UNIVERSITY

Legal Incubation Centre:

As part of its innovative approach, the Ziauddin Faculty of Law has established a Legal Incubation Centre. This center serves as a catalyst for licensed lawyers aspiring to initiate their law firms and contribute to the evolution of Pakistan's legal landscape. The services provided include allocated office space, research resources, and assistance from students in the form of interns. By offering a co-working environment, research support, and an inspirational atmosphere free of cost, the Incubation Centre aims to empower motivated lawyers to bring positive change to Pakistan's legal system.

In conclusion, Ziauddin University's initiatives within the Faculty of Law, Politics, and Governance epitomize its commitment to Sustainable Development Goal 16. By producing not just graduates but socially responsible citizens, and by providing accessible legal services and support, ZU actively contributes to building a foundation for peace, justice, and strong institutions in Pakistan.
